EXPLOSION OF DUST KILLS 22 MINERS

Terrible Accident Occurs in Property of Colorado Fuel and Iron Company.

TRINIDAD, Colo., April 22-As the result of a dust explosion in a mine of the Colorado Fuel and Iron company, forty miles west of Trinidad, shortly before ncon today, twenty-two miners are known to be dead and one other is missing, with little hope of being found alive. There were forty men in the mine at the time of the explosion.

Seventeen Escape.

Seventeen miners who were working 500 feet from the entrance escaped unin-ured through another opening. The ex-plosion occurred in rooms 3 and 4, near the main entrance, and was the result of a windy shot, which ignited the dust.

Twenty-Two Bodies Found. An order for twenty-two coffins has been received by a local undertaking establish-ment here, that many bodies having been taken out during the afternoon.

Mine Not Much Damaged.

The mine was not badly damaged and work can be resumed in a couple of days. The mine gave employment to 180 men, Miners from adjacent camps are assisting in the rescue. Superintendent Robert O'Neil left here on a special train at hoon and is personally directing the rescue work. Among the dead is James Reed, fire boss. Most of the others are Italians and Japanese.

Climbed Over Dead Bodies of Victims in Efforts to Make Escape.

WOMAN OF ERIE, PA., GIVES VERY GRAPHIC DESCRIPTION

People, Driven Insane Through Fear, Knew Not What to Do.

DENVER, April 22-Every incoming rain from the west brings refugees from San Francisco, who tell harrowing stories of their experiences and give graphic descriptions of the horrors that followed the earthquake and fire.

Worn by the exposure, hardships and terrors of a two days' effort to escape from the stricken city, Mrs. D. M. Johnson of Utica, N. Y., and Miss Martha Stibbals of Eric, Pa., passed through Denver today on their way home.

Ceiling Fell Down. "The first that we knew of the earthquake was when we were awakened in our room at the Randolph hotel Wednesday morning by a terrific shaking, which broke loose fragments of the ceiling," said Miss Stibbals.

"There followed a tremendous shock which shook the building and side walls and tossed it about with something like a spiral motion. When we reached the street people were running hither and

"Some one passing advised us to get on as high ground as possible, and we started walking as fast as possible to the high peaks back of the city. Hundreds of Fires.

"Fire was breaking out in hundreds of places over the city and the streets were becoming crowded with hurrying refugees. Where they were unable to procure horses, men and women had harnessed themselves to carriages and were drawing their belongings to places of safety. As we passed through the residence district where wealthy people live we saw automobiles drawn up and loaded down before houses. Their owners remained until the flames came too near and then, getting into the machines, made for the hills.

\$2000 for Hire of Auto. \$2000 for Hire of Auto.

"We saw one man pay \$200 for an automobile in which to take his family to a place of safety.
"Before night we reached the summit of Alta plaza. People half clad, unfed, hysterical, searching for loved ones, crowded the ground. Beneath lay the burning city and as nightfull came on it presented a scene indescribable.

Sleepless With Fear.

We passed the night sleepless, with a panie-stricken multitude. In the morning (Thursday) we started toward the harbor, with the assistance of soldiers from the Presidio, who had already been on duty twenty-four hours. We got to the wharf and hoped to get a launch to Oakland. We were unable to do so, but we were kindly treated by an old skipper, who was himself in deep grief because his mother had been crushed to death in their little house. He gave us coffee—the only nourishment we had had, excepting a few crackers, in twenty-four hours.

"The skipper saw the Government boat coming in the bay and said if we could reach the Presidio wharf we could escape on the Government boat.

"We therefore hurried toward the Presidio, greatly impeded by fissures which stretched long distances and around which we had to make our way. At the Presidio we were taken on board with other refugees and a short time later we were side in Oakland.

WHYTOCK, MISS JESSIE, 1006 Market street, I climbed Over the Dead.
"I climbed over dead bodies, picked my way around faming debris and went over out of San Francisco," said C. C. Kendali, a retired Omaha capitalist, upon his arrival here last night. 'I arrived in San Francisco the night previous to the morning by being thrown out of my bed in the Pallace annex. I rushed to the window and looked out. The house was reeling and tumbling like playthings. I hurried on clothing and ran into the street. Here I saw many dead and the debris was piled up along Market street.
"I went to the office of the Palace hotel and there men, women and children was reeling and tumbling like playthings. I hurried on clothing and ran into the street. Here I saw many dead and the debris was piled up along Market street.

"I' went to the office of the Palace hotel and there men, women and children was piled up along Market street."
"I' went to the office of the Palace hotel and the word of the palace hotel and the palace annex. I rushed to the window and looked out. The house was reeling and tumbling like playthings. I went to the office of the palace h lasted only twenty-eight seconds, but it seemed to me two hours.

Second Shock Came. "A few minutes after I reached the Palace hotel office the second shock came. It was light compared with the first, but it brought to the ground many of the buildings that the first shock had unsettled."

buildings that the first shock had un-settled.

"Fires were breaking out in every di-rection. Market street had sink at least four feet. I started for the ferry. It is only a few blocks from the Palace An-nex to the ferry, but it took me from 6 a.m. until 19:15 to cover the space.

"Men and women fought about the en-trance of the ferry like a band of in-furlated animals.

Covert Remember.

Cannot Remember.

"I made my escape—I do not remember how, for I was as desperate as any of them. When the boat pulled over the bay the smoke and flame rose sky-high and the roar of failing buildings and the cries of the people rent the air."

"The first I remember of the earth-quake was finding myself in the middle of the floor where, with chairs and other bits of furniture, I had been thrown," said G. F. Burgner, a business man of Oscola, Wis. With his wife and two daughters he had registered at the St. Francis hotel in San Francisco the night before the disaster.

Escaped to Oakland. Escaped to Oakland.

"With my family I rushed downstairs We pushed our way through the crowded streets, where every one was hurrying here and there. Some were pulling trunks behind them. Bricks, stones and all sorts of debris filled the roadway and we had a difficult time making our way to the water front. An electric launch was moored there and on it we escaped to Oakland.

"The groans and cries of those pinned under the timbers of the collapsed buildings were pitiful to hear and the worst of it was that nothing could be done to save them."

BARRELS OF RED WINE TO PUT OUT FLAMES

Strange Scene When Latin Quarter of the City Was Blazing.

SAN FRANCISCO, April 22.-An incident of the fire in the Latin quarter on the slope of Telegraph Hill is worthy of note. The only available water supply was found in a well, dug in early days. At a critical moment the pump suddenly sucked dry and the water in the well was exhausted

Rolled Out the Barrels.

One who was not on that hill in the circle of flame cannot even imagine the situation. "There is a last chance, boys," was shouted, and Italian residents crashed in their cellar doors with axes, and calling for assistance began rolling out barrels of red wine. The cellars gave forth barrel after barrel until there was fully 500 gallons ready for use.

Drenched With the Beverage. Then barrel heads were smashed in and the bucket brigade turned from water to wine. Sacks were dipped in the wine and used for beating out the fire. Beds were stripped of their blankets and these were soaked in the wine and hung over the exposed portions of the cottages, and men on the roofs drenched the shingles and sides of the house with wine. And the wine won.

wine won.

All Friday afternoon and until 4 o'clock this morning those lads on the hill carried on the fight, much of the time using wine instead of water. They saved their homes and went thirsty to save the wine to pour on the fire.

HAVE A CAR SERVICE.

Companies Carry the Sufferers Without Charging Fare.

out Charging Fare.

SAN FRANCISCO, April 22—San Francisco is not without passenger transportation. Cars are running down Filimore street today and appear to have pienty of power. The service is free to all, with the exception of boys. The cars on Sutter and Pacific avenue will probably be run by horses. All the vehicles will be run out of the car houses and saved. The Federal troops, under command of Gen. Funston, have already taken systematic charge of the principal portion of the city entrusted to their care.

WEDDINGS INCREASE.

Homeless Women Appeal to Men for Immediate Marriage.

Immediate Marriage.

SAN FRANCISCO, April 22.—Weddings in great number have resulted from the recent disaster. Women driven out of their homes and left destitute have appealed to the men to whom they were engaged, and the immediate marriages have been resultant.

Since the first day of the disaster an increase in the number of marriage licenses issued was noticed by County Clerk Cook. This increase is getting greater. Yesterday morning seven marriage licenses were issued in an hour. Cook himself has been on duty much of the time, as has his deputy, Paul Wuthe, although no other business has been transacted.

"I don't live anywhere." Is the answer given in many cases when the applicant for a license is asked where his residence is. "I used to live in San Francisco."

FORT BRAGG DESTROYED.

Earthquake Wipes Out Thriving Lumbering Town.

Lumbering Town.

BERKELEY, Cal., April 2.—A private letter received today brings the information that Fort Bragg, one of the principal lumbering towns of Mendocino county, was almost totally destroyed as the result of a fire following the earthquake of last Wednesday morning.

The bank and other brick buildings were levelled as a result of the tremblor and within a few hours fire had completed the work of devastation. One person only of the 5000 inhabitants was killed, but scores were injured.

Relief expeditions were at once sent to Fort Bragg from surrounding towns and

Fort Bragg from surrounding towns and villages, and the people of the ruined area are being cared for.

MUST PROTECT VAULTS.

Treasure Houses of Banks Should Not Be Opened Soon.

Be Opened Soon.

LOS ANGELES, April 22.—Alfred H. Castle, a retired capitalist and former banker of Chicago, who passed through that city's disastrous fire, has wired Mayor Schmitz of San Francisco a warning in regard to the possibility of premature opening of the vaults of the banks and offices of that city.

In his message he points out that if exygen is allowed to reach the contents of the safes and vaults before they have had time to cool, that they will ignite and be destroyed, causing immense losses that otherwise might be avoided. He recalls that the loss from this mistake will be very great in the case of the Chicago fire.

Broods Over Destruction of Stanford University Until Insane.

University Until Insane.

LOS ANGELES, April 22—George Steele, a Stanford student, son of Fred L. Steele, residing at 1013 East Forty-sixth street, shot himself through the brain this afternoon, probably with suicidal intent, and died at the Emergency hospital tonight.

Steele was ill and despondent and was much overcome by the news that the earthquake had partially destroyed the buildings of Stanford.

The young man was 21 years old and had been home for a month on account of ill-health. He had brooded much the nast few days over the destruction of Stanford university.

About Rheumatism.

There are few diseases that inflict OAKLAND, April 22.—Gov. George C. Pardee gave the Associated Press the following interview today:

"The situation is as good as can be expected considering the greatness of the calamity that has befallen us. The Nation and world are taking great interest in our welfare and showering material and financial ald.

more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great. more torture than rheumatism and sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? DR. COOK'S SCIENTIFIC, CERT AIN AND COMPLETE CURE FOR

Weak, Nervous, Restless at Night, and Weak, Aching Back, Diseased Kidneys, Inflamed Prostate, Despondent, Lack of Energy, Ambition and Strength, Poor Memory, Hollowed Eyes, Face Pimples and

An endless number of men have one or more of the above symptoms and drag from lay to day in despair of a prosperous, happy future, and well they may, for if neglected their health is sure to be wrecked by a complete loss of physical, mental and sexual power. My method completely and permanently revives manhood after "cureall" remedies and "quickcure" specialists fail to even benefit.

My scientific, systematic course of treatment for weak, ervous, brokendown youths and men, who have, through folly, dissipation and excesses, unfitted themselves for work and the enjoyment of life, is a system that has been tested many times over and proven entirely satisfactory in every case. It is totally different from the many sickening pills and tablets, and the stimulating, stomach-ruining drugs given by would-be specialists. My specific treatment for all the symptoms indicating Failing Manhood is harmicss, though so effective as to remove them immediately. It is constitutional; therefore, by purifying and enriching the blood, strengthening the nervous system, nourishing the tissues, the patient becomes strong and healthy with all signs of trouble forever gone. The treatment is to the human system what the sap is to the tree—it buds energy, ambition and confidence that leaf into a prime, healthy, vigorous feeling of new life.

I treat and cure all such pelvic diseases as PILES, FISTULA, RUPTURE, VARICOCELE, HYDROCELE, BLOOD POISON, SKIN DISEASES, SORES, ULCERS, NERVOUS DECLINE, and diseases of the KIDNEYS, BLADDER AND PROSTATE. My method of treating these disreces has proven so successful that I guarantee a permanent cure in every case accepted, and contract by a written instrument to produce permanent and satisfactory results or refund money.

IMPORTANT-I will cure you for less money than you can be treated for by any other specialist in Salt Lake. You may have to come to me sooner of later in order to be properly oured; why not before you have lost your money in doctoring with cheap, unskilled specialists? CURE OR NO CHARGE-ABSOLUTELY NO CHARGE UNLESS SAT-ISFACTION IS GIVEN. Every patient is given a written guarantee to re-

fund every dollar paid for services if they do not receive a complete, lifelong ours and entire satisfaction, and I have made a deposit of \$500.00 in the bank to secure any contract that is not fulfilled. CONSULTATION FREE, CONFIDENTIAL AND INVITED. A personal, thorough and searching examination is required, though if inconvenient to call, write me a full description of your trouble. THE KNOWLEDGE OF DISEASE IS HALF ITS CURE. MAN, KNOW THYSELF.

DON'T BE LED ASTRAY.

DR KEELEY SURPRISED THE WORLD WHEN HE SAID: "DRUNKENNESS IS A DISEASE AND CAN BE CURED." This fact is now known to every reading or listening man, woman and child, so far as civilization extends. Over 400,000 men and women have been cured of alcoholism and drug addiction at Keeley Institutes.

Statements made a but the treatment being deleterious to health are bosh. It is exactly the contrary. Cures are positively made. Those who relapse to their former habits after taking this treatment do so from a non-appreciation of the requirements and advantages of a strictly sober life. Correspondence strictly confidential.
